

With the re-launch of the CMO as a municipal management and leadership designation, the AMCTO Board of Directors approved a new CMO Maintenance Program. The CMO Maintenance Program replaces the CMO Recertification requirement. As a current active Member of AMCTO who holds the CMO designation you are not required to prove competency again, however, you will be required to maintain the designation within the newly established three (3) year PDU maintenance program. This will require you to participate in professional development activities over a three (3) year cycle and report the activities to AMCTO on a PDU Log.

The PDU Log is available on the AMCTO website. Below is a sample of a completed page of the PDU Log.

You will receive a notice from AMCTO every three (3) years asking for submission of the PDU Log. You are required to keep supporting documentation for all PDUs claimed, as random audits will be conducted, however, supporting documentation will not be required at the time of submission of the PDU Log. Anyone who obtained their CMO prior to 2016 will be required to submit a PDU Log prior to December 31, 2018 in order to continue to use the CMO designation. Note: you may claim activities undertaken since June 2015.

60 PDUs are required in one (3) year cycle. Professional development units claimed must relate to one of the 8 competencies. There must be a minimum of 30 PDU's claimed under Continuing Education and Professional Development and the other 30 can be claimed in any category. The categories in which PDU's may be claimed are:

Continuing Education and Professional Development 1 hour of activity = 1 PDU	Teaching and Presenting 1 hour of activity = 1 PDU
Professional Writing 1 hour of activity = 1 PDU	Community Involvement 1 hour of activity = 1 PDU
Sharing your Knowledge 1 hour of activity = 1 PDU	Self-directed learning (non-structured) 2 hours of activity = 1 PDU
